VILLA LAS TRONAS

A privileged view of the unforgettable sunsets on Capo Caccia.
This, and much more. Welcome to Villa Las Tronas.

VILLAS TRONAS

Open all year round, Villa Las Tronas has a privileged position in Alghero: on a private promontory, just outside the chaos, but only steps away from the old town.

Once a residence of the royal family in Italy, Villa Las Tronas only has 24 rooms, some of which have terraces, overlooking magnificent views of the park or the sea.

All the rooms differ from one another in size, interior decoration and colors – just as each of us has unique tastes and passions.
